Hi John,

My name is Heather Shoven and I am the Drinking Water Enforcement Team Leader in Region 5. I was forwarded your email below for follow-up. I have been involved in the joint Region 3 and Region 5 SDWA Administrative Order on Consent (AOC) with DuPont addressing PFOA contamination in Ohio and West Virginia. I have attached a copy of our SDWA AOC from March 2009 as well as a copy of our recent joint response to Robert A. Bilott. I have not seen a copy of the letter that Bilott sent Region 2.

Please feel free to contact me if you have any questions or would like further information. I am cc'ing Roger Reinhart and Karen Johnson from the Region 3 drinking water enforcement group as well as my branch chief, Tom Poy. Mardi Klevs and Brad Grams are also cc'd as contacts in Region 5's Land and Chemicals Division since your initial inquiry was to Margaret Guerriero.

Best wishes,
Heather

Heather A. Shoven | Enforcement Team Leader | U.S. Environmental Protection Agency, Region 5
Ground Water and Drinking Water Branch | 77 W. Jackson Blvd (WG-15J) | Chicago, IL 60604 | 312-886-0153

Subject: PFOA - Hoosick Falls, NY

Margaret and John,

Region 2 is dealing with a case of PFOA contamination in groundwater and drinking water that has recently come to our attention. The PFCs have been found on a PWS and private residential drinking water wells in Hoosick Falls, NY. In the course working on this issue, we received the below email and attached letter which includes correspondence to Regions 3 and 5 about DuPont's Washington Works in WV. We'd like to touch base with your folks to see if you can share your experience with the cases in your Regions and what role RCRA and other programs played. I'd appreciate if you could please let us know who would be a good person to contact.

Thanks.

John Filippelli
Division Director
